

MasterJet

Fab Floor Indoor

Floor graphics made quick, easy and PVC-free. Simply print and stick, no laminate required!

This embossed, 100% Polyester fabric (PVC-free) has a P5 anti-slip rated surface and is direct printable with solvent, latex and UV inks. Available with a choice of low-tack removable or high-tack removable adhesive, Masterjet Fab Floor Indoor is designed for fast and easy application and removal on short pile commercial carpets and smooth or rough hard floor surfaces.

Due to its unique polyester fabric structure, Masterjet Fab Floor Indoor offers excellent anti-scratch resistance for solvent and latex inks and superb puncture resistance for high-heel foot traffic.

Masterjet Fab Floor Indoor is the go-to floor graphics solution for point-of-sale campaigns, trade-show and event graphics, brand activation, wayfinding and social-distancing signage.
